

Lakshmipriya Ajukumar Vellerikkottu

! +91 87880 40197 | ✉ lakshmipriyavellerikkottu@gmail.com | Mumbai, India | 🚪 Open to Internships & Entry-Level Roles

Profile Summary

Computer Engineering undergraduate with a strong foundation in software development and problem-solving. Skilled in Java, Python, SQL, PHP, and database management, with hands-on experience developing web applications and software solutions through academic and personal projects. Familiar with data structures, algorithms, operating systems, DBMS, and software engineering principles. Passionate about building scalable, efficient applications, learning new technologies, and collaborating in fast-paced engineering teams. Currently seeking Software Engineering internships and entry-level roles where I can contribute, grow, and develop impactful products.

TECHNICAL SKILLS

- Web Technologies: HTML5, CSS3, PHP, Basic JavaScript.
- Programming Languages: Java , python
- Database Management: MySQL, SQLite, MongoDB
- Concepts: CRUD Operations, Responsive Design, Web Form Handling
- Design Tools: Figma, Canva
- Data & Visualization: Tableau, Power BI, Matplotlib, Data Cleaning

ACADEMIC PROJECT HIGHLIGHT

Personal Budget Tracker | PHP, MySQL, HTML, CSS, JavaScript

Developed a web-based personal budget tracker to help users manage income, expenses, savings, and financial goals.

Implemented CRUD operations for transactions, budget categories, and monthly financial records using PHP and MySQL.

Built interactive dashboards with charts and summaries to visualize spending patterns and support informed financial decisions.

Designed a responsive user interface with secure authentication and real-time expense tracking for an improved user experience.

AI Interview Platform | Python, Machine Learning, NLP, PHP, MySQL

Developed an AI-powered interview platform that conducts mock interviews with voice-based interaction and automated candidate evaluation.

Implemented resume keyword extraction and matching to analyze candidate skills against job requirements.

Integrated speech processing and AI techniques to provide interview feedback and improve the user experience.

Designed a secure backend with SQLite for user authentication, interview management, and result storage.

EDUCATION

- B.E. in Computer Engineering (Honours in Data Analysis – Ongoing)
K.J. Somaiya College of Engineering, Mumbai (2023–2027)
Aggregate CGPA: **8.55/10**
Latest Semester CGPA (Honours Track): **10/10**

- H.S.C. – 87.83%

St. Teresa's Convent High School, Jalgaon, Maharashtra (2023)

- S.S.C. – 93.60%

St. Teresa's Convent High School, Jalgaon, Maharashtra (2021)

LEADERSHIP & INITIATIVES

- Organizing Committee Member

K.J. Somaiya College Annual Events (2023–2024)

Contributed to the smooth execution of campus tech fests, showing strong teamwork and coordination skills.

CERTIFICATIONS

Soft Skills – NPTEL (IIT-led course)

Focused on communication, teamwork, presentation skills, and professional behavior.

LANGUAGES

English, Hindi, Marathi, Malayalam

WHAT I BRING TO YOUR TEAM

- Problem-solving mindset with the ability to design, develop, debug, and optimize software applications.
- Experience building full-stack and database-driven applications through academic and personal projects.
- Effective teamwork and communication skills.
- Adaptability, curiosity, and a willingness to learn new technologies.
